

## Subject Index

### A

- Accelerator; development of, for color removal 597
- Accounting; *see also* Financing
  - Canadian practices in, 562
  - wartime measures in, at Kansas City, Mo., 988
- Acidity; effect of, on production of orthotolidine-chlorine colors, 1066
- Activated carbon; *see* Carbon
- Adjudication; *see* Litigation
- Administration; *see* Management, Personnel, Public relations
- Advertising; *see* Public relations
- Agitators; filter; experience with, at Orrville, Ohio, 568
- Air raids; *see* Civilian defense, War
- Albany, N.Y.; operation of a civilian defense control center in, *a play*, 207
- Aliquippa, Pa.; design and operation of softening plant for, 795
- Alkalinity; determination of, in softened water, tables for, 1312
- Allentown, Pa.; water saving survey in, 993
- Aluminum sulfate; A.W.W.A. emergency alternate specifications for, application of, problems in, 34
- American Research Committee on Grounding, progress report of, 333
- American Water Works Association; audit of association funds for 1942, report of, 338
- Board of Directors; action of, on Water Works Practice Committee report, 328
- committee reports; control of chlorination, 1315
  - publications, 329
  - water works practice, 320
- committees; American Research Committee on Grounding, progress of, 333
  - steel water pipe; current activities of, 1391
- conference on war winning water works operation, report of, 1610
- constitution and by-laws, including proposed amendments, 1101
- Illinois Section; committee report on control of water well drilling, 927
- Indiana Section; technical committee report on installation of water meters, 786
- inter-association committees; water and sewage works postwar planning, organization of, 868, 1156
- manuals: proposed; design and installation of steel pipe; outline of, 1391
  - tentative; zeolite test procedures, 721
- membership statement for 1942, 342
- New York Section; presentation of "Operation of a Control Center," *a play* by, 207
- position of, on procurement and assignment of sanitary engineers, 653
- publications of, list of, 16631
- recommended practices; tentative; repainting elevated steel tanks and water storage tanks, 933
- section meetings—1943; report of, 1619
- specifications; emergency; tentative; reinforced concrete pressure pipe, 499, *erratum*, 596
- emergency alternate; sulfate of alumina; application of, problems in, 34
- proposed; repainting elevated steel tanks and water storage tanks, 938
- standard; coal-tar enamel protective coatings for steel water pipe, acceptance and use of, 613
  - electric fusion welded steel water pipe of sizes 30 inches and over; emergency alternate provisions to, 1238
  - fire hydrants for ordinary water works service, modifications of, by WPB Limitation Order L-39, 418
  - gate valves for ordinary water works service, modifications of, by WPB Limitation Order L-252, 413
  - tentative revision of; steel water pipe of sizes up to but not including 30 inches, 471
    - emergency alternate provisions to, 1238, 1388
  - uniform marking of fire hydrants, 700
- tentative; filtering material, 455

- standardization procedure, tentative, 1097  
water conservation program of, 1396, 1514, 1607
- Ammonia; *see also* Chloramination
- Ammonia-chlorine treatment; *see* Chloramination
- Ammonia-nitrogen; total; determination of, 1330
- Analysis; alkaline compound; tables for, in softened water, 1312  
bacteriological; chlorine efficiency shown by, 422  
requirements in, for 1942 drinking water standards, 154  
chlorine; free; *p*-aminodimethylaniline as indicator for, 427  
chlorine-ammonia reaction, 1329  
chlorine residual; colorimetric; up to 10 ppm.; with ortho-tolidine, 1065, 1205 high, 571, 1202  
methods of, 1315  
chemical; requirements in, for 1942 drinking water standards, 151, *erratum*, 454  
chromium; determination of, three methods of, 161  
flow; *see* Hydraulics  
phenol; determination of, in surface waters, 592  
polluted river water; preservation of phenol content in samples previous to, 299  
quality; rapid methods for, 1201  
turbidity; determinations of; use of, in estimating suspended load of natural streams, 439  
wartime problems of, 1303  
water rates, comparison of, 1557
- Appeals; *see* Selective service
- Arkansas; relationship between small town water supply and state health department in, 77
- Army; appreciation of good drinking water by, 1257  
water supply development for, 181  
water supply for, in civilian communities, 690  
in invasion of Sicily, 1255
- Army camps; water supply practice in, 1009
- Arsenic; removal of, from water, by coagulation, 1309
- Aurora, Ill.; water works improvements at, 789
- Automotive equipment; conservation of, wartime measures in, by Elgin, Ill.; Meter Division, 1002  
emergency; identification of, 385  
gasoline for; conservation of, in East Bay Municipal Utility District, 315  
tires for; conservation of, 49  
conservation of, in East Bay Municipal Utility District, 315
- Auxiliaries; *see* Personnel
- Auxiliary supplies; *see* Supplies
- ## B
- Back-flow; protective devices, use of, 1407
- Backwash; filter; problems of, at Orrville, Ohio, 569
- Bacteria; coliform; resistance of, to excess-lime treatment, 709  
determination of, Ohio practice, 1410  
*Pasteurella tularensis*; effect of chlorination on, in aqueous suspension, 902  
pathogenic; enteric; resistance of, to excess-lime treatment, 709  
transmission of, by bubbling drinking fountains, 165
- Bacteriology; *see* Analysis
- Baldwin Filtration Plant, Cleveland; design and operation of, 887
- Base-exchange materials; *see* Zeolites
- Bauxite; high-grade; unavailability of, cause of alum treatment problems, 35
- Billing; *see also* Collections  
Canadian practices in, 565  
new system of, adopted at Kansas City, Mo., 991
- Bishop, Calif.; lazy man's water works at, 303
- Bombing; *see* Civilian defense, War
- Bombs; incendiary; extinguishment of, 20
- Bonds; *see* Financing
- Boston Metropolitan Water System; relations of, with Cambridge, Mass., 984
- Break-point chlorination; *see* Chlorination
- Britain; *see* Great Britain
- Buffer solutions; chromate-dichromate; relation of, to temporary chlorine standards, 1209  
phosphate; use of, in chlorine standards, 1215
- Bureau of Mines; *see* U.S. Department of the Interior
- By-laws; *see* American Water Works Association
- ## C
- Calcium carbonate; solubility equilibrium of, scalar diagram for pH of, 594, *erratum*, 910
- California; East Bay Municipal Utilities District; wartime problems of, 309  
organization of utility guarding activities in, 66
- Raymond Basin; water rights in, adjudication of, 429

- Southern; problems with chromium in water and sewage in, 159  
safe water supplies in, 1407  
water supply defense in, organization of, by Subcommittee on Water Supply, of State Council of Defense, 183  
Cambridge, Mass.; water supply of, economical addition to, 983  
Canada; accounting practices in, 562  
Ontario practice; commission controlled water department, 1487  
postwar planning in; evaluation of construction projects for, 549  
water quality standards in, 1585  
Capacity; main; restoration of, by cleaning, conservation of critical materials by, 44  
Carbon; activated; extent of use of, 1587  
powdered; removal of mustard gas in water by, 1308  
rating of, by threshold odor test, 767  
source of supply of, 1589  
Caries; *see* Dental caries  
Cation-exchange materials; *see* Zeolites  
Cement; use of, as substitute material in fire protection, 50  
Cement linings; *see* Linings  
Chemical feeders; substitute materials for, 49  
Chemicals; reagent; priorities on, 257  
treatment; proper storage of, to prevent contamination, 1401  
Chester, Pa.; wartime water conservation in, 173  
Chicago; experience with wire-wound prestressed concrete pressure pipe in, 1263  
metropolitan area of; epidemiological study of dental caries in, 1165  
Chloramination; *see also* Chlorination, Sterilization  
bactericidal efficiency of, experiments on, 421  
chemical aspects of, 1329  
Chloramines; *see also* Ammonia-chlorine treatment, Chlorine  
determination of, by differential method, 1330  
differentiation of, from chlorine, determination of chlorine residual by, 1324  
Chlorination; *see also* Chloramination, Sterilization  
break-point; bactericidal efficiency of, experiments on, 423  
chemical aspects of, 1329  
proposed mechanism for, 1446  
control of, committee report on, 1315  
effect of, on *Pasteurella tularensis* in aqueous suspension, 902  
main sterilization by, during Pennsylvania flash flood emergency, 85, 91  
procedure of, in Army camps, 1036  
studies of, by U.S. Public Health Service, 421  
Chlorine; *see also* Chloramines  
active; flash test for, 1201  
chloramine; determination of, by differential method, 1330  
cylinders for; shortage of providing against, for Army camp water supplies, 1038  
free; *p*-aminodimethylaniline as indicator for, 427  
residual; determination of, by chlorine demand method, 1324  
by differentiation of chlorine and chloramines, 1324  
by iodometric method, 1322  
in the field, by chlorine demand method, 1326  
by drop dilution method, 1326  
high; estimation of, 571, 1202  
ortho-tolidine test for, 1201  
up to 10 ppm.; colorimetric determination of, with ortho-tolidine, 1065, 1205  
Chlorine demand; chlorine residual determination in the field by, 1326  
chlorine residual determination by, 1324  
determination of, 1203  
Chlorine standards; permanent; Scott; new modification of, 1205, 1319  
temporary; preparation and characteristics of, 1077, 1321  
relation of, to existing permanent standards, 1207  
Chlorine-ammonia treatment; *see* Chloramination  
Chromate-dichromate solutions; relation of, to temporary chlorine standards, 1209  
Chromium; problems with, in water and sewage, 159  
Cincinnati, Ohio; chlorination studies at, by U.S. Public Health Service, 421  
Cisterns; use of, in San Francisco auxiliary supply system, 704  
Civilian defense; *see also* Mutual aid, War  
adequacy of American water systems for, 19  
auxiliary water works personnel in recruiting and training of, 1091  
California; organization of, 183  
Citizens Defense Corps; classification of utility employees in, 384  
duties of, in gas defense, 381  
East Bay Municipal Utility District; organization of, 310  
financial problems of, in Britain, 1005  
fire protection; importance of water supply to, 690

- Florida; activities in, by State Board of Health, 198  
 gas protection; duties of Citizens Defense Corps in, 381  
 guarding; application of, to protection of Army camp water supplies, 1038  
   methods of, in Dallas, 75  
   organization of, in East Bay Municipal Utility District, 311  
   practical aspects of, 65  
 identification of emergency motor vehicles in, 385  
 Indiana; organization of, 227  
 Michigan; volunteer services in, legal aspects of, 655  
 national, state and local organization of, 27  
 New York State; operation of control center for, *a play*, 207  
 North Carolina; activities in, 223  
 OCD Operations Letters 95, 117, and 118; abstract of, 657  
 OCD Operations Letter 96 (Corrected January 25), 384  
 OCD Operations Letter No. 104 (Sup. 3 to Op. Letter No. 42), 381  
 OCD Operations Letter 111 (Sup. No. 1 to Op. Letter No. 97), 385  
 office of, organization of, for water supply protection, 1139  
 organization and operation of, in Britain, 1146  
 questionnaires on preparedness for wartime maintenance of water service, 601  
 relation of public water supply to, 27, 1139  
 sabotage; prevention of; guard systems for, practical aspects of, 65  
 supply maintenance for, 30  
 utility employees in, classification of, in Citizens Defense Corps, 384  
 Virginia; organization of, 232  
 volunteer services in; legal aspects of, in Michigan, 655  
 War Civilian Security Program, organization of, 657  
 workers in, injuries to, medical and cash benefits for, 657  
 Clarification; application of Accelerator to, 598  
 Cleaning; main; *see* Mains  
 Cleveland; dental deficiency studies in, 1188  
   25 years of water supply development in, 869  
 Coagulation; efficiency of; improvement of, by ozone treatment, 589  
   removal of arsenic from water by, 1309  
 Coal; storage of, federal government information and recommendations on, 825  
   water works use of, survey of, 1392  
 Coatings; *see also* Linings  
   coal-tar enamel; A.W.W.A. standard specifications for, acceptance and use of, 613  
   concrete; application of, to wire-wound prestressed concrete pressure pipe, 1268  
 Coliform organisms; *see* Bacteria  
 Collections; *see also* Billing  
   Canadian practices in, 565  
   new System of, adopted at Kansas City, Mo., 991  
 Color; characteristics of, of temporary chlorine standards, 1079  
   ortho-tolidine-chlorine, production of, 1065  
   removal of; development of accelerator for, 597  
   ozone treatment for, 587  
 Committee reports; *see* American Water Works Association  
 Compounds; alkaline; determination of, in softened water, tables for, 1312  
 Concrete; reinforced; pressure pipe; A.W.W.A. tentative emergency specifications for, 499  
 Concrete pipe; *see* Pipe  
 Conditioning; threshold; comparative tests on, for Army camp water supplies, 1046  
 Connections; for water lines, 1457  
 Conservation; automotive equipment; methods of, by Elgin, Ill., Meter Division, 1002  
   in East Bay Municipal Utility District, 315  
   coal; need for, survey of, 1392  
   critical materials; main cleaning a method of, 44  
   metallizing a method of, 50, 53  
   methods of, by Elgin, Ill., Meter Division, 1002  
   need for, during war, 840, 841, 846  
   substitute materials for, 37  
   ground water; water rights suit on, in Raymond Basin, 431  
   manpower; methods of, for water works, 1393  
   need for, during war, 51, 840  
   tire; methods of, 49  
 water; *see also* Consumption, Leakage  
   A.W.W.A. program for, 1396  
   book on, 1514  
   field reports on, 1607  
   methods of, in Army camps, 1031  
   voluntary program of, sponsorship of, by WPB, 1249  
   wartime measures of, 173  
   in Allentown, Pa., 993  
 Conservation orders; *see* Priorities; limitation orders

- Constitution; *see* American Water Works Association
- Construction; deferment of, for duration, 51
- materials for, priorities on, 395, 660, 974, 977, 1096
- plant; substitute materials for, 49
- wartime problems of, in Southwest, 71
- postwar; evaluation of projects for, in Canada, 549
- new materials for, 1051
- planning for, 853
- small town water works system, cost of, reduced fire insurance premiums as a factor in, 556
- water works; wartime problems of, in Wilmington, N.C., 58
- Costs; operating; estimates of, for Army camp water supplies, 1050
- Consumer relations; *see* Public relations
- Consumers; ownership of services by, effect of, on leakage control program, 995
- Consumption; *see also* Conservation, Demand control of, in wartime Britain, 13
- power; effect of water waste on, 295
- Contamination; *see also* Pollution, Sterilization
- water supplies; in Minnesota, 1450
- Control; chlorination; committee report on, 1315
- Controlled Materials Plan; *see* Priorities
- Copper; limitations on use of, 542, 1138, 1386
- redistribution and recovery of, WPB program for, 1138, 1386
- Corrosion; problem of, in Army camp water supplies, 1039
- Couplings; mechanical; flexible; sleeve type; for water lines, 1457
- jointing of steel pipe by, 1284
- Critical materials; *see* Materials
- Cross-connections; bubbling drinking fountain; dangers of, 165
- regulation of, U.S. Public Health Service recommendations on, 151
- D**
- Dallas, Tex.; wartime administrative problems in, 73
- Defense; *see* Civilian defense, War
- Deferment; *see* Selective service
- Delivery; concrete pipe; good practice in, 1259, 1273
- steel pipe; good practice in, 1281
- Demand; *see also* Consumption
- chlorine; *see also* Chlorine demand
- detection of war gases in water by, 1303
- diminishing; wartime occurrence of, at Marshalltown, Iowa, 999
- increased; wartime provisions for in Allentown, Pa., 994
- Dental caries; relation of domestic water supply to, 1161
- Dental deficiency; public health significance of, 1187
- Depreciation; *see* Accounting
- Design; pipe; cast-iron; application of new law of, in postwar planning, 1056
- postwar; new materials for, 1051
- pumping station; for new zeolite softening plant at Aliquippa, Pa., 801
- softening plant; zeolite; at Aliquippa, Pa., 798
- structural; substitute materials in, 49
- temporary war construction; relaxation of engineering standards for, 50
- wartime problems of, 653
- water system; U.S.; adequacy of, for civilian defense, 19
- water works; types of, for Army camps, 1011
- weir plate assembly; removable; for installation of weirs, 900
- Disease; *see also* Health
- transmission of, by bubbling drinking fountains, 165
- tularemia; causative agent of, effect of chlorination on, in aqueous suspension, 902
- Disinfection; *see* Sterilization
- Distribution; emergency methods of, during Pennsylvania flash flood emergency, 89
- in wartime Britain, 15
- Distribution flume; development of, at Bishop, Calif., as aid to sedimentation, 306
- Distribution systems; *see also* Mains, Pipe, Services
- damage to, during Pennsylvania flash flood emergency, 83
- design of, for Army camps, 1014
- extensions to; *see* extensions
- flow analysis in, identical value method of, 288
- orifice method of, 282
- review of methods of, 267
- industrial; water treatment hazard in, 1399
- importance of, 1517
- maintenance of, *see* Maintenance
- repair of, *see* Repair
- sanitary requirements for, U.S. Public Health Service recommendations on, 150
- substitute materials for, 43
- valve insertion in, development of machines for, 775
- vulnerability of, to bombing, in Britain, 7
- Drainage; pipe for; *see* Pipe

- Drilling; well; control of, recommendations for, 927
- Drinking fountains; bubbling; transmission of disease by, 165
- Drinking water; practical standards; need for, 1405
- quality standards for, U.S. Public Health Service 1942 edition of, 93
- manual of water sanitation practice accompanying, 135, *erratum*, 454
- U.S. Public Health Service standards, state sanitary engineer's viewpoint of, 1409
- E**
- East Bay Municipal Utility District; *see* California
- Education; *see also* Short schools
- hydraulics; fundamentals of, 835
- water works operation; an experiment, in Wellsville, N.Y., schools, 1551
- Electric power; *see* Power
- Electronics; place of, in development of new equipment for postwar use, 1055
- Elevated tanks; *see* Tanks
- Elgin, Ill.; Meter Division conservation program at, 1002
- Embankments; reservoir; protection and repair of, in wartime Britain, 8
- Employees; *see* Personnel
- Engineering; hydraulic; education in, fundamentals of, 835
- Science and Management War Training Program; training of water works personnel under, in Florida, 199
- Engineers; *see* Personnel
- England; *see* Great Britain
- Enoree River, S.C.; suspended load in; estimation of; use of turbidity determinations in, 439
- Equilibrium; solubility; calcium carbonate; scalar diagram for pH of, 594, *erratum*, 910
- Equipment; improvements in, at Aurora, Ill., 789
- laboratory; procurement of, 257
- priorities on, *see* Priorities
- reserve; use of, with auxiliary water supplies, 708
- water works; new types of, for postwar use, 1051
- protection of, by metallizing, 53
- Excavation; trench, *see* Trenching
- Exchange materials; *see* Zeolites
- Expenses; operating; wartime reduction of, at Kansas City, Mo., 988
- Extensions; water system; priorities for, 682, 684, 685, 686, 1241, 1383
- F**
- Farm supplies; importance of, to water supply defense, in California, 195
- Federal standards; water quality; U.S. Public Health Service, 1409
- Federation of Sewage Works Associations; participation of, in committee on water and sewage works postwar planning, 868, 1156
- Filter agitators; experience with, at Orrville, Ohio, 568
- Filter plant; operators, women as, 1437
- Filtering material; A.W.W.A. tentative specifications for, 455
- Filters; concrete; early installation of, at Paducah, Ky., 771
- private, use of, 1402
- substitute materials for, 48
- supplementary; to prevent back-flow, 1402
- surface washing of, at Orrville, Ohio, 568
- Filtration; gravel for; A.W.W.A. tentative specifications for, 455
- sand for; A.W.W.A. tentative specifications for, 455
- Filtration plants; Cleveland; development of, over 25 years, 871, 887
- Financing; civilian defense; problems of, in Britain, 1005
- small town water works system; reduced fire insurance premiums as a factor in, 556
- wartime measures in, at Kansas City, Mo., 988
- Fire department; co-operation of, with water department, 694
- Fire hydrants; *see* Hydrants
- Fire insurance; premiums for; reduction of, as a factor in cost of small town water works systems, 556
- Fire protection; *see also* Hydrants
- cement a substitute material in, 50
- equipment for, priorities on, 414, 1248
- methods of, against incendiary bombs, 20
- wartime; importance of water supply to, 690
- water for, charges for, 694
- water supplies for, *see* Supplies
- watershed; methods of, in East Bay Municipal Utility Dist. defense program, 312
- Fittings; *see* Pipe
- Flint, Mich.; auxiliary supply development for, 702
- Floods; flash; emergency experiences during, in Pennsylvania, 81
- Florida; E.S.M.W.T. program; water works personnel training under, 199
- State Board of Health; wartime water supply activities of, 198
- Flow; analysis of, *see* Hydraulics

Fountains; drinking; bubbling; transmission of disease by, 165  
 Fluorides; deficiency of, correction of, by treatment of public water supply, 1191  
 relation of, to dental caries experience, 1161  
 Friction; pipe; *see* Hydraulics; flow analysis  
 Fuel; coal; storage of, federal government information and recommendations on, 825  
 water works use of, survey of, 1392

## G

Galesburg, Ill., epidemiological study of dental caries in, 1165  
 Gardens; victory; water connections for, priorities on, 685, 686  
 Gases; dangerous; classification of and protection against, in water plants, 318  
 war; detection and removal of, from water, 1303  
 protection against, duties of U.S. Citizens Defense Corps in, 381  
 Gasoline; *see* Automotive equipment  
 Generators; purchases of, limitation on, 659  
 Geology; ground-water; application of, in development of additional supply for Cambridge, Mass., 984  
 investigation of, new methods for, 911  
 Geophysical surveys; application of, to ground-water investigations, 913  
 Government; commission controlled water department; in Ontario, 1487  
 in Wisconsin, 1492  
 legislation; social security, in municipal water works, 1543  
 local; effect of war on, in England, 1146  
 water supply; supervision of, 1405  
 Gravel; filter; A.W.W.A. tentative specifications for, 455  
 Great Britain; civilian defense in, financial problems of, 1005  
 effect of war on local government in, 1146  
 supply maintenance in, under war conditions, 7  
 water systems of, adequacy of, for civilian defense, comparison of with U.S., 19  
 Ground water; *see also* Wells, Supplies  
 conservation of; water rights suit on, in Raymond Basin, 431  
 development of, for Army water supply, 181  
 geological survey of, for developing additional supply for Cambridge, Mass., 984  
 investigation of, in Indiana, 929  
 new methods for, 911  
 surveys of, purposes and procedures of, in Illinois, 921  
 Grounding; committee report on, 333  
 Guarding; *see* Civilian defense

## H

Hazards; plumbing; protection against, 1413  
 Health; *see also* Disease  
 consideration of, in development of auxiliary water supplies, 707  
 dental; effect of fluoride-containing domestic water supplies on, 1161  
 public; significance of dental deficiencies to, 1187  
 Health departments; functions of, in gas defense, 382  
 state; relation of, to small town water supply, 77  
 Florida; wartime water supply activities of, 198  
 Haloquinones; application of, to estimation of high chlorine residuals, 573  
 Hydrants; adequacy of, for civilian defense, in U.S. water systems, 25  
 control and maintenance of, water and fire department co-operation in, 696  
 priorities on, 414, 1248  
 specifications for; A.W.W.A.-N.E.W.W.A.; modifications of, by WPB Limitation Order L-39, 418  
 substitute materials for, 46  
 uniform marking of, A.W.W.A. specifications for, 700  
 Hydraulics; education in, fundamentals of, 835  
 flow analysis; identical value method of, 288  
 orifice method of, 282  
 review of methods of, 267

## I

Illinois; ground waters of; investigations of, new methods for, 911  
 surveys of, purposes and procedures of, 921  
 Illinois Section; *see* American Water Works Association  
 Indiana; mutual aid plan in, 227  
 water resources of, investigations of, 929  
 Indiana Section; *see* American Water Works Association  
 Indicators; *p*-aminodimethylaniline; use of, for free chlorine, 427  
 Industrial water treatment; distribution system hazard, 1399  
 Industry; wartime water supply problems of, 688  
 Insurance; fire; premiums for, reduction of, as a factor in cost of small town water works systems, 556  
 Intakes; swing-pipe connection for, at Bishop, Calif., to keep reservoir clean, 307

Inventories; water works; adequacy of, for wartime maintenance and operation, 539  
 Ion-exchange materials; *see* Zeolites  
 Iron; removal of; ozone treatment for, 590

## J

Joints; bell and spigot; substitute materials for, 45  
     concrete pipe; good practice in, 1261  
     mechanical; for water lines, 1457  
     steel pipe; field welding of, 1283, 1295  
     good practice in, 1283

## K

Kansas City, Mo., wartime improvements at, 987

## L

Labor; *see* Personnel  
 Laboratories; equipment and materials for, procurement of, 257  
 Law; *see also* Litigation, Water rights  
     application of, to civilian defense volunteers in Michigan, 655  
     relating to social security as it affects municipal water works, 1543  
 Leakage; *see also* Conservation  
     effect of, on power consumption, 295  
 Legislation; labor relations, public water supply field, 1565  
 Lend-lease program; British attitude toward, 1154  
 Lewistite; detection and removal of, from water, 1303  
 Lime; excess; treatment with, relative resistance of coliform organisms and certain enteric pathogens to, 709  
 Limitation orders; *see* Priorities  
 Linings; *see also* Coatings  
     cement; in-place installation of, at New Albany, Ind., 781  
 Litigation; *see also* Law, Water rights  
     water rights; in Raymond Basin, 429  
 Los Angeles; advisory committee; cross-connection control, 1408

## M

Mahoning River Survey; preservation of phenol content in polluted river water samples previous to analysis, 299  
 Mains; *see also* Distribution systems, Pipe, Services  
     cement lining of, in place, at New Albany, Ind., 781  
     cleaning of, conservation of critical materials by, 44

    preparatory to cement lining, 782  
     damage to, during Pennsylvania flash flood emergency, 83  
     distribution; importance of, 1517  
     substitute materials for, 42  
     emergency repair of, in wartime Britain, 10  
     joints in; *see* Joints  
     repair of, *see* Repair  
     civilian defense financial planning for, in Britain, 1006  
     sterilization of, during Pennsylvania flash flood emergency, 85, 91  
     new procedure for, 168  
     tapping of, for valve insertion; development of machines for, 775  
 Maintenance; importance of, in critical materials conservation, 44  
     meter; wartime conservation measures in, at Elgin, Ill., 1002  
     quality, importance of, to civilian defense, 31  
     supplies for, priorities on, 386, 539, 667, 824, 974, 981, 1371  
     supply; importance of, to civilian defense, 27, 30  
     methods of, in Britain, under war conditions, 7  
     wartime importance of, 848  
     water service; importance of, to civilian defense, 31  
     Michigan wartime short school on, 601  
     wartime importance of, 848  
     water works; effect of WPB policy on, 539  
 Management; *see also* Personnel, Selective service, War Manpower Commission  
     improvements in, at Aurora, Ill., 789  
     labor relations; in the public water supply field, 1565  
     pioneering improvements in, at Paducah, Ky., 772  
     problems of, during wartime, in East Bay Municipal Utility District, 309  
     public water supply; responsibilities in, for correction of dental deficiencies, 1198  
     war emphasis in, 1  
     wartime measures in, at Kansas City, Mo., 987  
     wartime problems of, in Dallas, 73  
     in Southwest, 71  
     in Wilmington, N.C., 58  
 Manganese; removal of; ozone treatment for, 590  
 Manpower; *see* Personnel, Selective service, War Manpower Commission  
 Manuals; *see also* Specifications, Standards  
     A.W.W.A. procedure for adoption of, 1098  
     steel pipe design and installation; outline of, 1391

U.S. Public Health Service; water sanitation practice, accompanying 1942 edition of drinking water standards, 135, *erratum*, 454  
zeolite test procedures, 721  
Marshalltown, Iowa; problem of diminishing demand at, 999  
Matching; spectrophotometric; procedure of, on permanent chlorine standards, 1218  
visual; procedure of, on temporary chlorine standards, 1212  
Materials; *see also* Equipment  
conservation of, in meter maintenance at Elgin, Ill., 1002  
critical; availability of, for water works operations, 37  
conservation of, by main cleaning, 44  
conservation of, need for, during war, 840, 841, 846  
priorities for, *see* Priorities  
laboratory; procurement of, 257  
priorities on, *see* Priorities  
substitute; application of, in water works field, 37  
water works; new types of, for postwar use, 1051  
Metal; spraying of, *see* Metallizing  
Metallizing; applications of, in water works practice, 53  
conservation of critical materials by, 50, 53  
Metals; filler; effect of, on welding quality, 1297  
Meriquinones; application of, to estimation of high chlorine residuals, 577  
Meters; installation of, 786  
maintenance of, wartime conservation measures in, at Elgin, Ill., 1002  
reading of; wartime conservation measures in, 1394  
at Elgin, Ill., 1002  
substitute materials for, 39  
use of, in Army camps, 1035  
Miami, Fla.; experimental treatment plant at, 1085  
Michigan; legal aspects of civilian defense volunteer services in, 655  
wartime short school on maintenance of water service in, 601  
wartime water supply situation in, 692  
Military service; *see* Selective service  
Minneapolis; valve-insertion procedure at, 775  
Minnesota; water supply contamination in, 1450  
Morale; importance of civilian defense to, 1152  
importance of water supply to, 691  
poster on, *following p.* 134  
Motor vehicles; *see* Automotive equipment  
Motors; purchases of, limitation on, 659

Municipal ownership; *see* Ownership  
Municipalities; job classification in water works, 1440  
Mutual aid; *see also* Civilian defense, War  
Indiana; organization and operation of, 227  
New York State; general policy of, in regard to recruiting and training water works auxiliaries, 1090  
1942 progress in, 201  
operation of, under emergency conditions, *a play*, 218  
training program for, 609  
North Carolina; organization of, 224  
Pennsylvania; operation of, during flash flood emergency, 82  
Mustard gas; detection and removal of, from water, 1303

## N

National Board of Fire Underwriters; recommendations of, on use of auxiliary supplies, 703  
study of adequacy of American water systems for civilian defense by, 19  
Navy; New York Navy Yard; new method of main sterilization proposed for, 168  
New Albany, Ind.; cement lining of pipe in place at, 781  
New England Water Works Association; participation of, in committee on water and sewage works postwar planning, 868, 1156  
specifications; standard; fire hydrants for ordinary water works service, modifications of, by WPB Limitation Order L-39, 418  
gate valves for ordinary water works service, modifications of; by WPB Limitation Order L-252, 413  
New Jersey; wartime water conservation in, 178  
New Milford, N.J.; activated carbon; first used by, 1587  
New York Section; *see* American Water Works Association  
New York State; mutual aid in, 1942 progress in, 201  
training program for, 609  
operation of civilian protection and mutual aid in, during emergency conditions, *a play*, 207  
recruiting and training of water works auxiliaries in, 1092  
Nitrites; chlorine demand determination in presence of, for detection of war gases in water, 1303  
Nitrogen; ammonia; total; determination of, 1330

North Carolina; public water supply defense in, 223

## O

- Occupational classification; selective service deferment, 1604
- Occupational deferment; *see* Selective service
- Odors; *see also* tastes and odors
  - threshold; calculation of, 751
  - detection of war gases in water by, 1307
- Office of Civilian Defense; *see* Civilian defense
- Office of War Utilities; *see* War Production Board
- Ohio; practice; coliform bacteria determination in, 1410
- Operation; Army camp water plant; review of, 1015
  - improvements in, at Aurora, Ill., 789
  - problems of, in Army camps, 1029
  - softening plant; zeolite; at Aliquippa, Pa., 803
  - supplies for, priorities on, 386, 539, 667, 824, 974, 981, 1371
  - wartime measures in, at Kansas City, Mo., 988
  - wartime problems of, 543
  - water works; by commissions, in Ontario, 1487
  - by commissions, in Wisconsin, 1492
- Operators; *see* Personnel
- Orifices; pipe flow analysis with, 282
- Orrville, Ohio; filter surface washing at, 568
- Ortho-tolidine; chlorine residual determination by, 1201, 1318
  - colorimetric determination of chlorine residuals up to 10 ppm. with, 1065, 1205
  - concentration of; effect of, on production of ortho-tolidine-chlorine colors, 1066
  - estimation of high chlorine residuals with, 571, 1202
- Ownership; consumer; of services; effect of, on leakage control, 995
  - municipal; management under, at Paducah, Ky., 773
  - private; pioneering type of franchise in, at Paducah, Ky., 772
- Ozone; treatment with, survey of, 585

## P

- Pacific Coast; water supply; cross-connections; pollution from, 1407
- Paducah, Ky.; pioneering improvements at, 770
- Painting; tank; A.W.W.A. tentative recommended practice for, with notes on repairs, 933
- p*-Aminodimethylaniline; use of, as indicator for free chlorine, 427
- Pasadena, Calif.; water rights suit by, on Raymond Basin, 431
- Pathogens; *see* Bacteria
- Pennsylvania; flash flood emergency experiences in, 81
- Personnel; *see also* Selective service, War Manpower Commission
  - auxiliary; recruiting and training of, 1090
  - training of, in Indiana, 230
  - volunteer; legal rights and liabilities of, in Michigan, 656
  - civilian defense; injuries to, medical and cash benefits for, 657
  - conservation of, 51
  - need for, during war, 840
  - engineers; sanitary; wartime distribution of, 265
  - guard duties of, 65
  - industrial relations and labor turnover, 1566
  - job classification, municipal water works, 1440
  - morale of; poster on, *following p.* 134
  - occupational deferment of, 372
  - operating; training of, for Army camp water supply units, 1023
  - private industry; water works, compared to, 1565
  - public water supply, in the field, 1565
  - responsibilities of, in correction of dental deficiencies, 1198
  - selective service; Wisconsin, 1496
  - deferment; registration critical occupations, 1604
  - shortage of, method of combating, 1393
  - training of; *see also* Short schools
  - under E.S.M.W.T. program, in Florida, 199
  - transfer of, to other jobs, WMC restrictions on, 647
  - utility; classification of, in Citizens Defense Corps, 384
  - wartime problems of, 3
  - in Dallas, 73
  - in East Bay Municipal Utility District, 314
  - in Southwest, 71
  - water works, municipal; exempted from social security, 1543
  - small town; relation of, to state health department, 77
  - welding; testing and qualification of, 1296
  - women; as filter plant operators, 1437
- pH; calcium carbonate equilibrium; scalar diagram for, 594, *erratum*, 910
- determination of, as a test of quality, 1203

- effect of, on production of ortho-tolidine-chlorine colors, 1066
- Phenol; preservation of, in polluted river water samples previous to analysis, 299
- Phenols; determination of, in surface waters, 592
- Philadelphia; wartime water conservation in, 173
- Phosphate; buffer solutions of; use of, in chlorine standards, 1215
- Pipe; *see also* Distribution systems, Mains, Services
- cast-iron; design of, new law of, application of, in postwar planning, 1056
- concrete; delivery of, good practice in, 1259, 1273
- laying of, good practice in, 1258, 1274, 1279
- manufacture of, co-ordination of, with laying, 1259, 1278
- reinforced; A.W.W.A. tentative emergency specifications for, 499, *erratum*, 596
- wire-wound prestressed; experience with, in Chicago, 1263
- damage to, during Pennsylvania flash flood emergency, 83
- drainage; substitute materials for, 49
- fittings for; Saran; studies of, 1058
- flow analysis in; identical value method of, 288
- orifice method of, 282
- review of methods of, 267
- friction in; *see* Hydraulics; flow analysis
- joints in; *see* Joints
- pressure; substitute materials for, 42
- Saran; studies of, 1058
- steel; A.W.W.A. specifications on, emergency alternate provisions to, 1238
- coatings for; coal-tar enamel; A.W.W.A. standard specifications for, acceptance and use of, 613
- design and installation of, proposed manual for, outline of, 1391
- field welding of, 1295
- installation of, procedure for, 1281
- laying of, good practice in, 1287
- small; A.W.W.A. standard specifications for, tentative revision of, 471
- WPB specifications for, 1238
- Plants; construction of; substitute materials for, 49
- Plastics; development of, for postwar water works use, 1055
- use of, for water pipes in buildings and for service lines, 1058
- Plays; operation of a control center, 207
- Pollution; *see also* Contamination, Sterilization
- chromium; problems with, 159
- stream; samples showing, preservation of phenol content in, previous to analysis, 299
- water supply; limestone formation; Minnesota, 1450
- from cross-connections, 1407
- Population; wartime shrinkage of, problem of, at Marshalltown, Iowa, 999
- Postwar planning; Canadian; evaluation of projects for, 549
- consideration of new water works materials in, 1051
- impact of, on public works programs, 853, 1157
- importance of, for water works, 1
- relation of public water supply to, 853
- small water works system construction in, 556
- water and sewage works; organization for, 868, 1156
- water supply program in, 861
- Power, auxiliary; equipment for, development of new types of, for postwar use, 1054
- consumption of; effect of water waste on, 295
- electric; consumption of, computation of, 298
- fuel for; *see* Fuel
- Priorities; *see also* War Production Board
- administration of, by Office of War Utilities War Division, 849
- chemicals; reagent; Order P-135, 257
- construction; Conservation Order L-41; revised, 1597
- Controlled Materials Plan; administrative letter and instructions on preparation of Form CMP-4C, 395
- administration of, by Office of War Utilities War Division, 849
- CMP Regulation 5, 386
- CMP Regulation 5 as amended May 14, 1943, 824
- Form CMP-4C, 401
- Regulation 1; Direction 30 as amended September 21, 1943, 1387
- copper, Order M-9-c amendments, 542
- critical common components, orders for, administrative letter PDL-1721 on, 419
- critical materials; limited availability of, for water works operations, 37
- Form WPB-2774, authority to begin construction, 977
- instructions for using, 1509

hydrants; Order L-39 as amended January 20, 1943, 414

laboratory equipment and materials, Orders L-144, P-43 and P-135, 257

limitation orders; L-39 as amended January 20, 1943, 414

effect of, on A.W.W.A.-N.E.W.W.A. specifications for fire hydrants, 418

L-39 amended August 24, 1943, 1248

L-41 as amended April 20, 1943, 660

L-41 as amended July 27, 1943, 1096

L-144 as amended August and December 1942, 260

L-211; emergency alternate provisions to A.W.W.A. steel pipe specifications based on, 1238, 1388

L-221 as amended April 22, 1943, 659

L-252, 405

effect of, on A.W.W.A.-N.E.W.W.A. specifications for gate valves, 413

M-9-c; amendments to, 542

preference ratings; Form PD-1A, revision of and filing in WPB regional offices, 538

preference rating orders; P-43 as revised November 5, 1942, 262

P-135, 264

problems of, in Dallas, 75

problems raised by, in Wilmington, N.C., 61

Regulation No. 3, as amended June 4, 1943, 977

as amended August 10, 1943, 1096

utilities orders; U-1; administrative letter of April 17, 1943, on, 667

administrative letter on, 974

as amended September 24, 1943, 1375

instructions on, 1372

editorial comment on, 539

relief from restrictions of, application for, 981

undermaintenance under, 1371

U-1-c; administrative letter of March 29, 1943, on, 685

U-1-d as amended March 29, 1943, 684

U-1-e, 686

U-1-f; administrative letter of Aug. 24, 1943, on, 1241

amendment of, effect of, 1383

as of August 24, 1943, 1245

as amended September 30, 1943, 1383

U-1-h; supplementary, 1593

valves and valve parts, Order L-252, 405

Private ownership; *see* Ownership

Procurement; *see* Priorities

Procurement and Assignment Service; *see* War Manpower Commission

Protection; water supply, *see* Civilian defense

Public Health Service; *see* U.S.

Public ownership; *see* Ownership

Public relations; improvement of, in wartime Britain, 17

methods of, to promote wartime water conservation, 173

program of, to promote water conservation, 1396

reduced fire insurance premiums as a factor in, for promoting construction of small town water works systems, 556

water works; in the public schools, 1551

Willing Water as salesman for, 1608

Public works; impact of postwar planning on, 853, 457

Publications; committee report on, 329

Pumping stations; Cleveland; development of, over 25 years, 882

design of, for new zeolite softening plant at Aliquippa, Pa., 801

pioneering improvements in, at Paducah, Ky., 772

Pumps; substitute materials for, 46

Purification; water treatment; new developments in, 1457

## Q

Quality; bacteriological; requirements of, for 1942 drinking water standards, 154

standards, 1409

chemical; requirements of, for 1942 drinking water standards, 151, *erratum*, 451

drinking water; standards of, U.S. Public Health Service 1942 edition of, 93

U. S. Public Health Service standards of, manual of water sanitation practice accompanying, 135, *erratum*, 454

maintenance of, for civilian defense, 32

protection of, organization for under civilian defense program, 1144, 1150

rapid tests of, 1201

standards of, U.S. Public Health Service, 1409

water standards; Canadian, 1585

Questionnaires; self-audit; on preparedness for wartime maintenance of water service, 601

Quincy, Ill.; epidemiological study of dental caries in, 1165

## R

Rates; effect of zeolite softening on, 804

private and municipal; study and comparison of, 1557

wartime control of, in Britain, 1007

water; some factors entering into, 1527

Rationing; water supply; methods of, in wartime Britain, 13

- Raymond Basin, Calif.; water rights in, adjudication of, 429  
 Reagent; addition of, method of, effect of on production of ortho-tolidine-chlorine colors, 1066  
 ortho-tolidine; preparation of, 1076, 1318  
 Reconstruction; postwar; evaluation of projects for, in Canada, 549  
 Records; distribution system; maps of, 1527  
 Regulations; *see also* Government Canadian; on water department control, Ontario, 1487  
 water department control; Wisconsin, 1492  
 Repair; distribution system; emergency methods of, 69  
 main; civilian defense financial planning for, in Britain, 1006  
 emergency methods of, 70  
 supplies for, priorities on, 386, 539, 667, 824, 974, 981, 1371  
 tank; notes on, 933  
 tank racket; battling the, 1574  
 water system; emergency methods of, in wartime Britain, 10  
 Reservoirs; Cleveland; development of, over 25 years, 874  
 protection and repair of, in wartime Britain, 8  
 self-operating devices in, at Bishop, Calif., to keep out trash, 304  
 Residual chlorine; *see* Chlorine  
 Resources; water; investigations of, in Indiana, 929  
 Round-table discussions; water conservation in wartime, 173

WOLMAN, ABEL, planning the postwar water supply program, 861  
*Chairman*, aims and objectives of inter-association Committee on Water and Sewage Works Development, 1156  
what are the responsibilities of public water supply officials in the correction of dental deficiencies, 1198  
WOOD, GEORGE L., lazy man's water works, 303  
Wyse, J. H., civilian defense program in Virginia, 232

## Abstract Index

*All subjects and page numbers in boldface type in this index are the first pages of topic sections or of numerous abstracts on the particular subject.*

### A

- Accounting, 349**
- Activated carbon; *see* Algae Control, Taste and Odor Control, Treatment
- Administration, 349**  
*see also* Law, Wartime Water Works Problems
- Aeration; *see* Treatment
- Algae Control, 816**  
*see also* Impounding Reservoirs, Taste and Odor Control
- Ammonia-chlorine treatment; *see* Bacteriology, Chemical Analysis, Chemical Feeding, Distribution Systems, Quality, Sterilization, Swimming Pools, Taste and Odor Control, Treatment
- Analysis; *see* Bacteriology, Chemical Analysis, Hydraulics, Laboratory Control
- Annual reports; *see* Canadian Water Supplies, Foreign Water Supplies, U.S. Water Supplies
- Apparatus; *see* Laboratory Control
- Aqueducts; *see* Canadian Water Supplies, Foreign Water Supplies, Hydraulics, U.S. Water Supplies
- Army; water supply for; *see* Wartime Water Works Problems
- Artesian water; *see* Ground Water
- Auxiliary supplies; *see* Cross-Connections, Fire Protection, Industrial Water Supply, Sterilization, Wartime Water Works Problems

### B

- Back-flow; *see* Cross-Connections
- Backwash; *see* Filtration
- Bacteria; *see* Bacteriology, Health, Quality, Sterilization
- Bactericides; *see* Bacteriology, Quality, Sterilization
- Bacteriology, 635, 1353**  
*see also* Laboratory Control
- Base-exchange; *see* Softening
- Billing; *see* Administration
- Biology; *see* Bacteriology, Health
- Boilers, 248, 1125**
- Bombing; *see* Dams, Distribution Systems, Wartime Water Works Problems
- Bonds; *see* Financing

- Break-point chlorination; *see* Bacteriology, Chemical Analysis, Chemical Feeding, Distribution Systems, Quality, Sterilization, Swimming Pools, Taste and Odor Control
- Brine systems; *see* Corrosion, Industrial Water Supply

### C

- Calking; *see* Distribution Systems
- Canadian Water Supplies—General, 122, 1116**
- Cathodic protection; *see* Corrosion
- Cation-exchange; *see* Softening
- Cavitation; *see* Boilers, Corrosion
- Chemical Analysis, 515, 1350**  
*see also* Laboratory Control
- Chemical Feeding, 809**  
*see also* Algae Control, Taste and Odor Control, Treatment
- Chloramination; *see* Bacteriology, Chemical Analysis, Chemical Feeding, Distribution Systems, Quality, Sterilization, Swimming Pools, Taste and Odor Control, Treatment
- Chlorination; *see* Bacteriology, Chemical Analysis, Chemical Feeding, Distribution Systems, Quality, Sterilization, Swimming Pools, Taste and Odor Control, Treatment
- Chlorinators; *see* Chemical Feeding
- Chlorine; residual; *see* Bacteriology, Chemical Analysis, Distribution Systems, Quality, Sterilization, Swimming Pools
- Civilian defense; *see* Wartime Water Works Problems
- Clarification; *see* Sedimentation
- Cleaning; main; *see* Distribution Systems
- Coagulation; *see* Chemical Feeding
- Coatings; *see* Corrosion, Distribution Systems
- Coefficients; *see* Hydraulics
- Coliform organisms; *see* Bacteriology
- Collections; *see* Administration
- Condensers; *see* Corrosion, Industrial Water Supply
- Conditioning, 809**  
*see also* Feed Water, Industrial Water Supply, Treatment

Conduits; *see* Distribution Systems, Hydraulics

### Conservation, 1234

*see also* Wartime Water Works Problems  
Construction; *see* Canadian Water Supplies, Dams, Distribution Systems, Foreign Water Supplies, U.S. Water Supplies

Contamination; *see* Cross-Connections, Distribution Systems, Health, Quality, Sterilization, Stream Pollution, Wells

Cooling systems; *see* Corrosion, Industrial Water Supply

Copper sulfate treatment; *see* Algae Control, Impounding Reservoirs

### Corrosion and Corrosion Control, 357, 1132

*see also* Boilers, Conditioning, Industrial Water Supply, Softening, Treatment

Couplings; *see* Distribution Systems

Court decisions; *see* Law

### Cross-Connections, 950

*see also* Health

Customer relations; *see* Administration

## D

### Dams—Construction and Maintenance, 967

Defense; *see* Wartime Water Works Problems

Depreciation; *see* Accounting

Disease; *see* Health

### Distribution Systems—Construction and Maintenance, 523

*see also* Cross-Connections, Fire Protection, Industrial Water Supply, Wartime Water Works Problems

Diversion; *see* Law

Drought; *see* Conservation, Hydrology

## E

Elevated tanks; *see* Distribution Systems

Embrittlement; *see* Boilers

Employees; *see* Administration, Wartime Water Works Problems

Engineering, sanitary; *see* Health, Wartime Water Works Problems

Erosion; *see* Conservation

Evaluation; *see* Financing

Extension; *see* Distribution Systems, Wartime Water Works Problems

## F

### Feed Water, 248, 1125

### Filtration, 812

### Financing, 349

### Fire Protection, 112

*see also* Wartime Water Works Problems

Flocculation; *see* Chemical Feeding, Industrial Water Supply, Treatment

Floods; *see* Hydrology

Flow analysis; *see* Hydraulics

Fluorosis; *see* Health

### Foreign Water Supplies—General, 124, 1117

Friction analysis; *see* Hydraulics

### Fuel, 248, 1125

Funds; *see* Financing

## G

Gases; war; *see* Chemical Analysis, Wartime Water Works Problems

Gastro-enteritis; *see* Health

Geology; *see* Conservation, Ground Water

Germicides; *see* Bacteriology, Quality, Sterilization

Gravel; *see* Filtration

### Ground Water, 957

Grounding; *see* Corrosion

Guarding; *see* Wartime Water Works Problems

## H

Hardness; *see* Softening

Hazards; *see* Cross-Connections, Health

### Health, 235, 628

Hot-water systems; *see* Corrosion, Plumbing

Housing; *see* Health, Wartime Water Works Problems

Hydrants; *see* Fire Protection

### Hydraulics, 364, 1362

### Hydrology, 1227

### Hygiene, 235, 628

## I

### Impounding Reservoirs, 821

*see also* Algae Control, Wartime Water Works Problems

Improvements; *see* Canadian Water Supplies, Foreign Water Supplies, U.S. Water Supplies

Industrial wastes; *see* Stream Pollution

### Industrial Water Supply, 243

*see also* Boilers

Infiltration; *see* Ground Water

Intakes; *see* Distribution Systems

Inter-connections; *see* Plumbing

Inter-system connections; *see* Distribution Systems, Wartime Water Works Problems

Investments; *see* Financing

Ion-exchange; *see* Softening

### Iron Removal, 519

### Irrigation, 1234

## J

Jointing; *see* Distribution Systems

## L

Labor; *see* Administration, Wartime Water Works Problems

### Laboratory Control—Equipment and Apparatus, 512, 1349

Lakes; *see* Impounding Reservoirs  
**Law, 352, 1344**  
 Laying; pipe; *see* Distribution Systems  
 Leakage; *see* Distribution Systems, War-  
 time Water Works Problems  
**Liabilities, 352, 1344**  
 Limnology; *see* Algae Control, Impounding  
 Reservoirs  
 Linings; pipe; *see* Corrosion, Distribution  
 Systems  
**Litigation, 352, 1344**

## M

Mains; *see* Corrosion, Distribution Systems,  
 Quality, Sterilization  
 Maintenance; *see* Corrosion, Dams, Dis-  
 tribution Systems, Fire Protection,  
 Quality, Sterilization, Wartime Water  
 Works Problems  
 Management; *see* Administration, Law,  
 Wartime Water Works Problems  
 Manholes; *see* Distribution Systems  
 Manpower; *see* Administration, Wartime  
 Water Works Problems  
 Materials conservation; *see* Wartime Water  
 Works Problems  
 Media; *see* Bacteriology, Laboratory Con-  
 trol  
 Metals; *see* Corrosion, Wartime Water  
 Works Problems  
 Meteorology; *see* Hydrology  
 Micro-organisms; *see* Algae Control, Bac-  
 teriology, Taste and Odor Control  
 Minerals; *see* Chemical Analysis, Iron Re-  
 moval, Treatment  
 Municipal ownership; *see* Administration,  
 Law  
 Mutual aid; *see* Wartime Water Works  
 Problems

## O

Obsolescence; *see* Accounting  
 Odor control; *see* Taste and Odor Control  
 Operators; *see* Administration, Wartime  
 Water Works Problems  
 Ownership; *see* Administration, Law  
 Ozonation; *see* Sterilization, Taste and  
 Odor Control, Treatment

## P

Painting; *see* Corrosion, Distribution Sys-  
 tems  
 Personnel; *see* Administration, Wartime  
 Water Works Problems  
 Pipe; *see* Corrosion, Distribution Systems,  
 Hydraulics, Quality, Sterilization  
 Pitting; *see* Boilers, Corrosion  
 Plankton; *see* Algae Control, Taste and  
 Odor Control  
 Plastics; *see* Distribution Systems, War-  
 time Water Works Problems  
**Plumbing, 950**

Poisoning; *see* Health, Wartime Water  
 Works Problems  
 Poliomyelitis; *see* Health  
 Pollution; *see* Cross-Connections, Distribu-  
 tion Systems, Health, Law, Quality,  
 Sterilization, Stream Pollution, Wells  
 Pools; *see* Swimming Pools  
 Postwar planning; *see* Administration, War-  
 time Water Works Problems  
 Power; *see* Fuel  
 Public relations; *see* Administration  
 Purification; *see* Algae Control, Chemical  
 Feeding, Corrosion, Feed Water, Fil-  
 tration, Industrial Water Supply, Qual-  
 ity, Stream Pollution, Swimming Pools,  
 Treatment

## Q

**Quality, 805, 1505**  
*see also* Sterilization, Taste and Odor  
 Control, Treatment

## R

Rainfall; *see* Hydrology  
 Rates; *see* Administration, Fire Protection,  
 Law  
 Records; *see* Accounting  
 Regulation; *see* Administration, Law  
 Repair; *see* Distribution Systems, Sterili-  
 zation, Wartime Water Works Prob-  
 lems  
 Reports; annual; *see* Canadian Water Sup-  
 plies, Foreign Water Supplies, U.S.  
 Water Supplies  
 Reservoirs; *see* Algae Control, Conserva-  
 tion, Dams, Distribution Systems, Hy-  
 drology, Impounding Reservoirs, War-  
 time Water Works Problems  
 Residual chlorine; *see* Bacteriology, Chemi-  
 cal Analysis, Distribution Systems,  
 Quality, Sterilization, Swimming Pools  
 Resources; water; *see* Conservation  
 Riparian rights; *see* Law  
 Runoff; *see* Hydrology

## S

Sabotage; *see* Wartime Water Works  
 Problems  
 Sampling; *see* Bacteriology, Impounding  
 Reservoirs, Laboratory Control  
 Sand; *see* Filtration  
 Sanitary engineering; *see* Health, Wartime  
 Water Works Problems  
 Sanitation; *see* Health, Quality, Steriliza-  
 tion, Treatment, Wartime Water Works  
 Problems  
 Scale; *see* Boilers, Corrosion  
**Sedimentation, 809**  
 Selective service; *see* Wartime Water  
 Works Problems

Water Service; maintenance of; *see* Distribution Systems, Wartime Water Works Problems  
 Settling; *see* Sedimentation  
 Sewage; *see* Stream Pollution  
 Silting; *see* Impounding Reservoirs  
 Sludge; *see* Stream Pollution  
**Softening, 519**  
 Spillways; *see* Dams, Hydraulics  
 Standards; *see* Health, Quality, Plumbing, Wells  
 Standpipes; *see* Corrosion, Distribution Systems  
 Static supplies; *see* Fire Protection, Sterilization, Wartime Water Works Problems  
 Steam; *see* Fuel  
**Sterilization, 945, 1502**  
*see also* Bacteriology, Distribution Systems, Quality, Swimming Pools, Treatment, Wartime Water Works Problems  
 Storage; *see* Distribution Systems, Dams, Ground Water, Impounding Reservoirs  
**Stream Pollution and Its Control, 952**  
 Super-chlorination; *see* Bacteriology, Chemical Analysis, Chemical Feeding, Distribution Systems, Quality, Sterilization, Swimming Pools, Taste and Odor Control, Treatment  
 Supplies; *see* Canadian Water Supplies, Cross-Connections, Fire Protection, Foreign Water Supplies, Ground Water, Industrial Water Supply, Sterilization, Stream Pollution, U.S. Water Supplies, Wartime Water Works Problems  
**Swimming Pools, 948**

## T

Tanks; *see* Corrosion, Distribution Systems  
**Taste and Odor Control, 815**  
*see also* Algae Control, Industrial Water

Supply, Quality, Sterilization, Treatment  
 Transmission systems; *see* Canadian Water Supplies, Foreign Water Supplies, Hydraulics, U.S. Water Supplies  
**Treatment—General, 806**  
*see also* Algae Control, Chemical Feeding, Corrosion, Feed Water, Filtration, Industrial Water Supply, Quality, Stream Pollution, Swimming Pools  
 Tuberculation; *see* Boilers, Corrosion  
 Typhoid; *see* Health, Law

## U

**U.S. Water Supplies—General, 114, 1113**  
 Utilities regulation; *see* Administration, Law

## V

Valuation; *see* Financing  
 Valves; *see* Cross-Connections, Distribution Systems, Wartime Water Works Problems

## W

**Wartime Water Works Problems, 105, 343, 624, 940, 1222, 1498**  
 Wash water; *see* Filtration  
 Wastes; *see* Stream Pollution  
 Water rights; *see* Law  
 Watersheds; *see* Conservation, Dams, Ground Water, Hydrology, Stream Pollution  
 Welding; *see* Distribution Systems  
**Wells, 957**  
 Wood; *see* Distribution Systems, Wartime Water Works Problems

## Z

Zeolites; *see* Chemical Analysis, Softening
